and selected HMV stores across Yorkshire and Manchester

The Festival is a non-profit event with a cause and so tickets are just £8 – a fraction of what you'd pay for a commercial music festival, with just as much great music on show, and you'll be standing up against racism and ignorance into the bargain!

In addition to the main festival the Festival Fringe will host over 40 bands in 19 venues across the town. For more info go to www.lovemusichateracism.com
